Across Brisbane, there is no other venue that can provide and deliver bespoke event requirements with such variation. A hybrid venue able to transition from community sport to high performance and major broadcast events.

Nissan Arena boasts a sunken show court containing 2,000 permanent seats and two retractable grandstands enabling a cauldron-feel at 5,000 total capacity.

The arena's show court setup enables various premium seat options, with 8 corporate boxes and three VIP function suites that open straight onto the court. Nissan Arena currently manages

more than 21 major broadcasted events each year, with full capability in this space, including a loading dock with direct access to the court and high-speed internet.

When not in major show mode, the venue transitions to an indoor sport facility with seven community courts, able to host a variety of sport including netball, basketball, volleyball, pickleball, futsal, martial arts and more. A fully air-conditioned venue with catering kiosks, café, activation spaces and ample amenities.

To service clientele, Nissan Arena has great accessibility with over 700 on site car parks.
